Performance Edge

PERFORMANCE
PROTECTION
PEACE OF MIND

What is Performance Edge?

Performance Edge is a Koenig Equipment exclusive inspection and preventative maintenance plan designed to provide a trouble-free ownership experience. We handle the warranty, maintenance, and related transportation. All you do is enjoy your equipment.

Why choose Performance Edge?

USEFUL LIFE

Annual preventative maintenance extends the life of your machine and ensures you are getting the most hours, years, and performance out of your machine.

UPTIME

Following the manufacturer's recommended annual service intervals ensures that your machine is ready to perform when you need it.

RESALE VALUE

Detailed maintenance records provide visibility to the care you've put into your machine and you can expect a higher resale value from a well-documented maintenance history.

Which services are included?

Minimize Your Cost & Maximize Convenience

LOCK IN PRICING

The price of preventative maintenance, including parts and labor, is established at the time of machine purchase and protects you against inflationary price increases.

AVOID COSTLY REPAIRS

Our factory certified technicians perform a thorough inspection of your machine each year to identify potential problems in their early stages before they become costly repairs.

ADDITIONAL YEAR OF WARRANTY

Purchasers of a 4-year Master Plan receive one extra year of warranty. Because of the care you've put into your machine, we're confident in extending the manufacturer's warranty at no additional cost to you.

FINANCING

When you invest in Performance Edge with the purchase of your machine, you can stretch payment over the life of your financing.

WE SCHEDULE FOR YOU

We will remind you when your machine is due for maintenance and work with you to schedule a convenient time to complete each service.
